Yapılan İşlerin Konusu/ Field of Research/Work Conducted:

LLM Prompt Engineering (Data Extraction)

Yapılan İşler/Work-Research Being Performed:

Reviewed the full pipeline plan end-to-end before continuing Drive trigger, OCR via Cloud Vision, AI extraction via Claude, and storage in Google Sheets. Wanted to make sure I understood how all four pieces would eventually connect before pasting in the API key.

Mapped out the AI extraction prompt I'll use once I get to that stage asking the model to pull vendor, date, total, and line items as clean JSON.
