Yapılan İşlerin Konusu/ Field of Research/Work Conducted:

Pipeline Architecture Review & Planning

Yapılan İşler/Work-Research Being Performed:

Prepared for the next working session by listing exactly what's left: finishing the Cloud Vision connection, testing the OCR step, then adding the Claude module and Google Sheets storage.

Reflected on how much of this project has been about learning to navigate unfamiliar dashboards patiently rather than actual "AI" work a good reminder that automation projects are half plumbing, half intelligence.
