Stajın Yapıldığı Departman/Department of Institution Worked at:
Data / Analytics / AI Department

Yapılan İşlerin Konusu/ Field of Research/Work Conducted:

Research & Setup

Yapılan İşler/Work-Research Being Performed:

I spent today comparing no-code automation platforms. I looked at Zapier and Make.com and decided Make's visual flowchart style would help me actually see how data moves between steps, which felt important for learning rather than just getting a result.

Created my Make.com account and had a look around the interface the canvas, the module search, how scenarios are structured. Nothing built yet, just orientation.
