Stajın Yapıldığı Departman/Department of Institution Worked at:
Data / Analytics / AI Department

Yapılan İşlerin Konusu/ Field of Research/Work Conducted:

Workflow Templates & Pipeline Design

Yapılan İşler/Work-Research Being Performed:

I found and reviewed the exact template I needed: "Detect text within new Google Drive images using Google Cloud Vision (OCR)." It already had the trigger and OCR steps pre-connected which saved me from building that part manually.

Reviewed how the template was structured before touching anything, just to make sure I understood each module rather than blindly clicking "use template."
